The Five Practices of Exemplary Leadership®

Created by James M. Kouzes and Barry Z. Posner in the early 1980s and first identified in their internationally best-selling book, *The Leadership Challenge*, The Five Practices of Exemplary Leadership approaches leadership as a measurable, learnable, and teachable set of behaviors. After conducting hundreds of interviews and reviewing thousands of case studies about when people were at their personal best as leaders, there emerged five leadership practices common to making extraordinary things happen, which have subsequently been validated by over three million survey respondents around the globe. You can read more in depth about The Five Practices in *The Student Leadership Challenge* book. The Five Practices are:

The Student Leadership Practices Inventory 360 (Student LPI 360) instrument is an essential tool to help you gain perspective into how you see yourself as a leader, how others view you, and what actions you can take to improve your use of The Five Practices. Research continually documents that leadership and organizational effectiveness improve with the more frequent use of these leadership practices.

ABOUT YOUR Student LPI 360 REPORT

The Student LPI 360 measures the frequency of 30 specific leadership behaviors on a five-point scale, with six behavioral statements for each of The Five Practices. You and the Observers you selected rated how frequently you engage in each of these important behaviors associated with The Five Practices. The response scale is:

RESPONSE SCALE	1-Rarely or Seldom	2-Once in a While	3-Sometimes	4-Often	5-Very Frequently
-----------------------	--------------------	-------------------	-------------	---------	-------------------

In the following report pages, you'll see your Student LPI Self responses and your Observer responses. The Average Observer rating is an average of all your Student LPI Observer responses.

RATER RESPONSE RATE: You requested a total of 9 observers to rate you; of these, 6 have submitted an Observer survey as of report date and are included in your report results.

The Five Practices Data Summary

This page summarizes your Student LPI 360 responses for each leadership Practice. The Self column shows the total of your own responses to the six behavioral statements about each leadership Practice. The Observers' Average column shows the average of all of your Observers' total responses. The Individual Observers columns show the total of each Observer's six responses for the Practice. Total responses for each Practice can range from 6 to 30; which represents adding up the response score (ranging from 1-Rarely or Seldom to 5-Very Frequently) for each of the six behavioral statements related to that practice.

The Five Practices Bar Graphs

These bar graphs, one set for each leadership Practice, provide a graphic representation of the numerical data recorded on The Five Practices Data Summary pages. By leadership Practice, it shows the total response for Self and the average for all Observers. Total responses can range from 6 to 30; which represents adding up the response score (ranging from 1-Rarely or Seldom to 5-Very Frequently) for each of the six behavioral statements related to that Practice.

Leadership Behaviors Ranking

The following page shows the ranking, from most frequent to least frequent, of all 30 leadership behaviors based on the average of your Observers' responses. Horizontal lines separate the 10 most and the 10 least frequent behaviors from the middle 10. The response scale runs from 1-Rarely or Seldom to 5-Very Frequently. This information may be useful to you in deciding which Practices to focus on for improvement.

Percentile Ranking

The more than 110,000 students who make up the Student LPI 360 database include a mix of young men and women, ranging in age from their early teens through late twenties, involved in all types of student organizations, and from all over the globe. This page compares your responses to theirs on the Student LPI 360.

The horizontal lines at the 30th and 70th percentiles divide the graph into three segments, roughly approximating a normal or bell-shaped distribution of responses. Comparing where your score on each leadership behavior lines up with the percentiles on the vertical axis, gives you an approximation for how frequently you engage in this leadership Practice in relationship to other students who have completed the Student LPI 360. For example, if your score for Model the Way is at the 55th percentile, this means that 45 percent of the students who have completed the Student LPI 360 have rated themselves as responding more frequently than you have on this Practice; or, alternatively, that 55 percent of the students who have completed the Student LPI 360 have rated themselves as responding at or below this level of frequency in this leadership Practice. Similarly if the score from your Observers is at the 35th percentile, this means that your use of this leadership Practice is viewed by Observers at the same level of frequency as 35 percent of all respondents, or below the level of frequency of 65 percent of those Observers who have completed the Student LPI 360.
